

AIKYAMADVAYA GLOBAL SERVICES PVT. LTD.

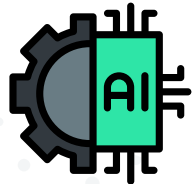

TRUSTED PARTNER FOR
Smarter Software
AND **AI Solutions**

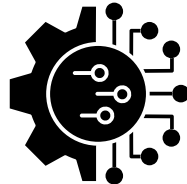

Welcome to Our Company

Aikyamadvaya is dedicated in transforming the electronics sector by providing manufacturers with advanced AI and IoT solutions tailored for Industry 4.0. These innovations not only streamline operations and enhance productivity but also promote sustainable business growth.

Intelligent Manufacturing

Smart solutions driving manufacturing innovation.

Powering Industry 4.0

Transforming processes into smart systems

WHY CHOOSE US?

Our commitment to excellence ensures that we consistently deliver outstanding results, helping businesses stay ahead of the competition.

Electronics Expertise First

We specialize in electronics manufacturing, not generic IT. Our solutions are built with deep industry knowledge.

AI & IoT Driven Innovation

From predictive maintenance to real-time analytics, our technology turns data into smarter decisions.

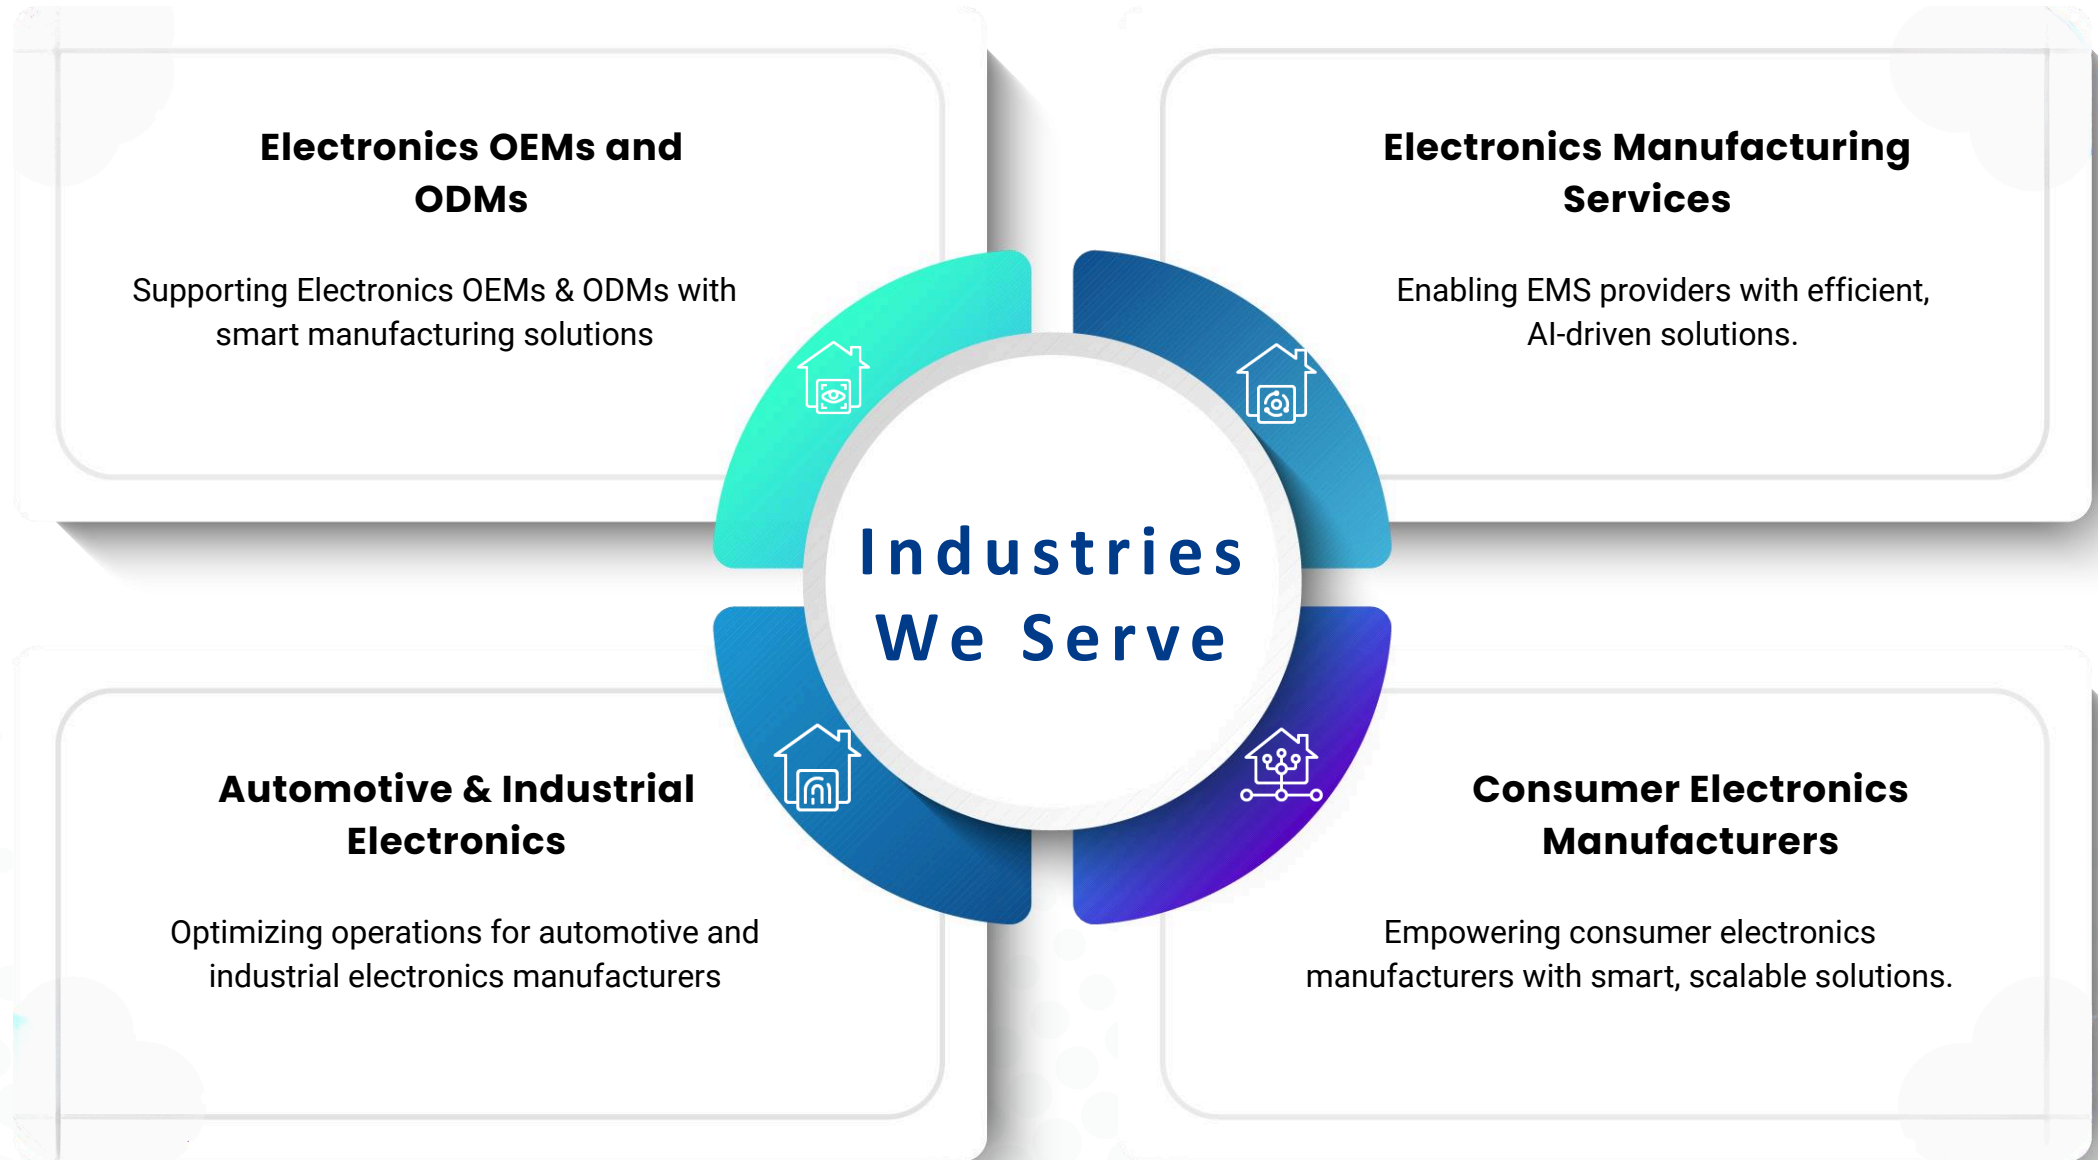

Proven Global Success

Trusted by OEMs, ODMs, and EMS providers worldwide to streamline operations and boost efficiency.

Commitment to Excellence

We measure our success by the success of our clients—reducing waste, improving traceability, and driving growth.

Empowering Leading Electronics Manufacturers Worldwide

SOLUTIONS AND OFFERINGS

We offer advanced, AI- and IoT-integrated solutions tailored for the electronics manufacturing sector.

SMT Inventory Management

QR Code & Traceability Software

Manufacturing Execution System

AI-Powered Manufacturing Insights

IoT Devices & Connectivity

ERP Integration

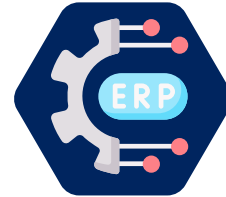

INVENTORY MANAGEMENT SYSTEM

We offer advanced, AI- and IoT-integrated solutions tailored for the electronics manufacturing sector.

Inventory Management System

- QR Code Location Mapping
- Guided Picking Process
- Wrong Component Prevention
- Smart Material Issuance

ERP Integration for Manufacturing

Custom Workflow Automation

Reporting & Analytics System

TRACEABILITY

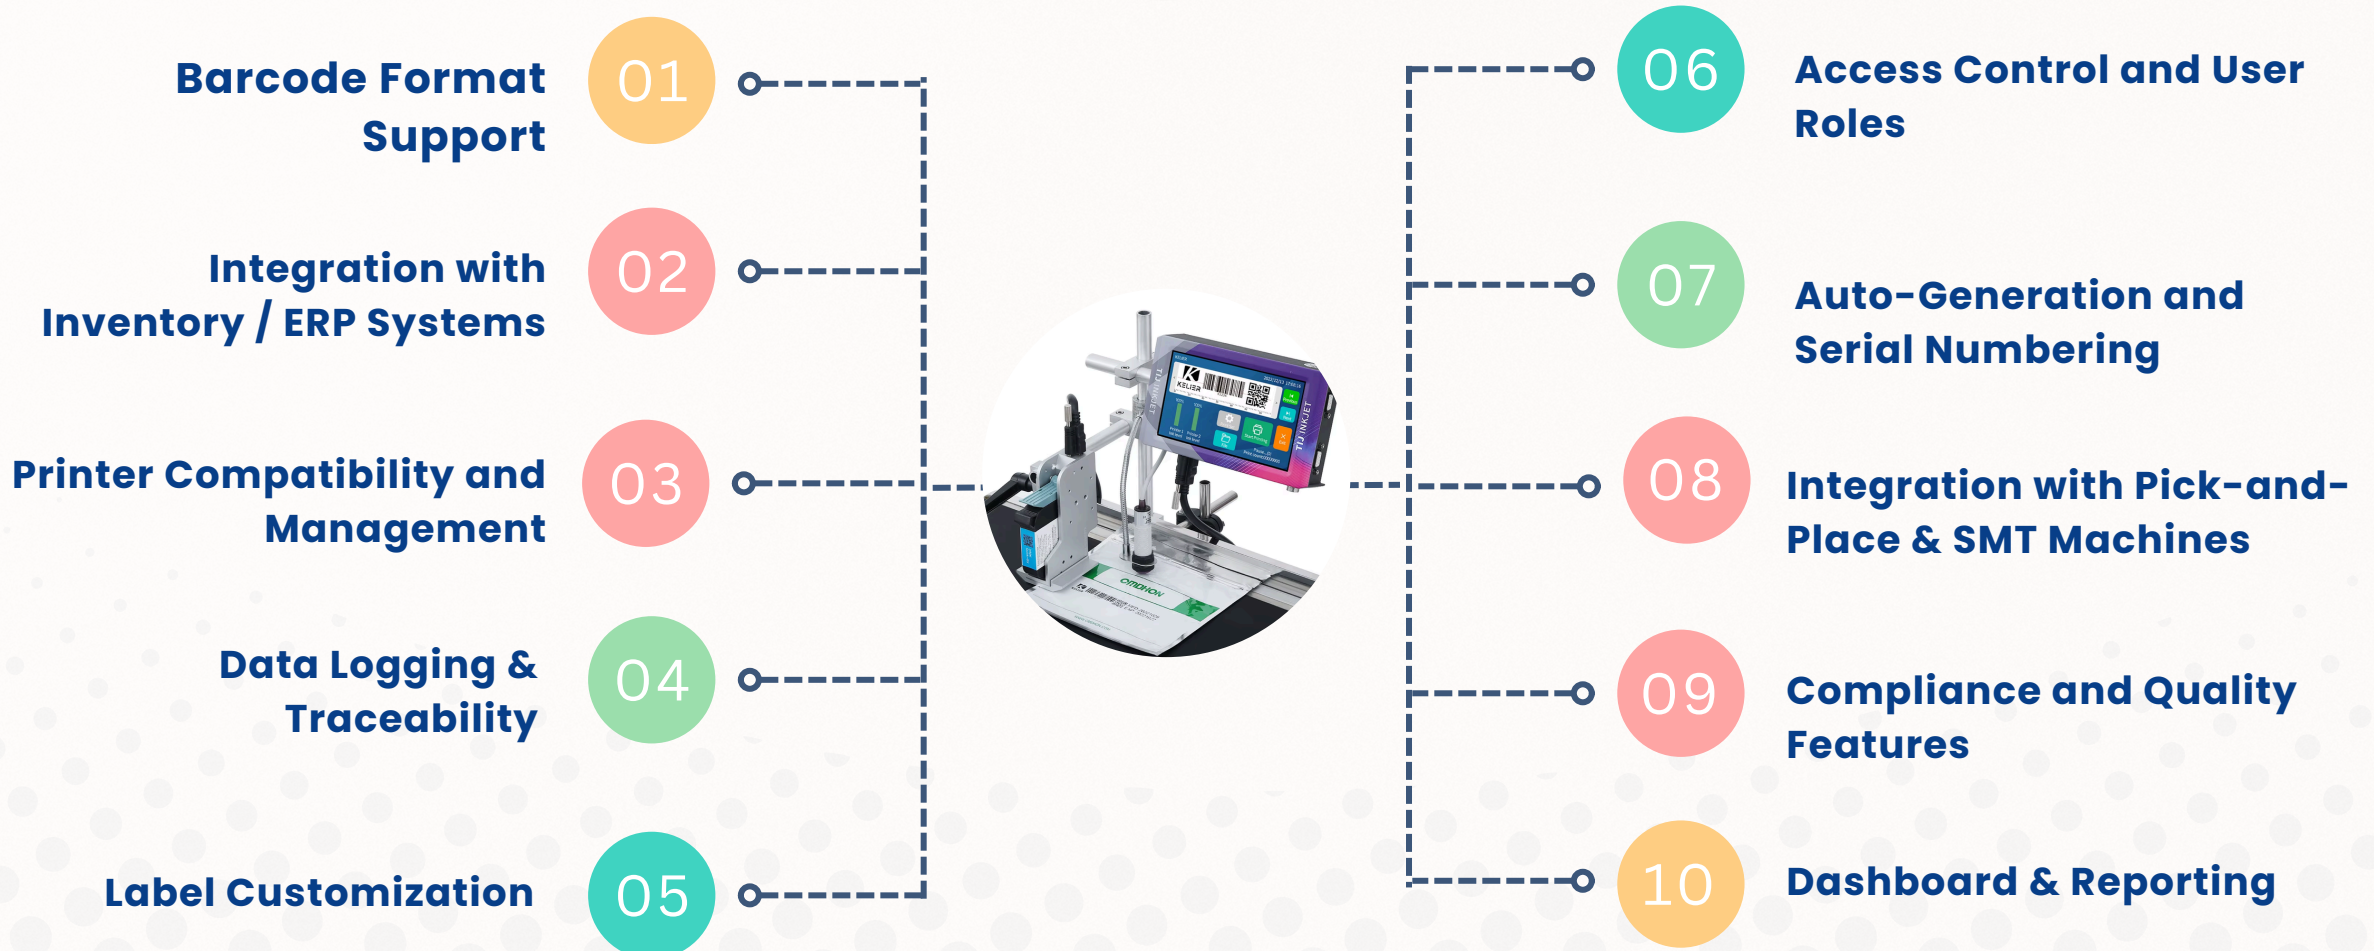

Implement a Immutable traceability solution for real-time tracking of raw materials, components & finished products throughout the production process.

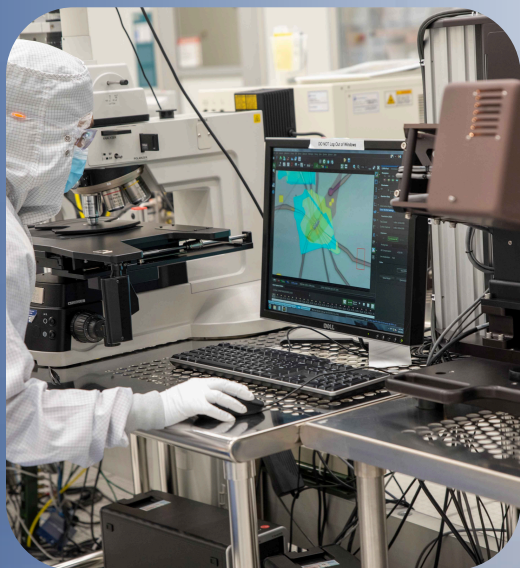

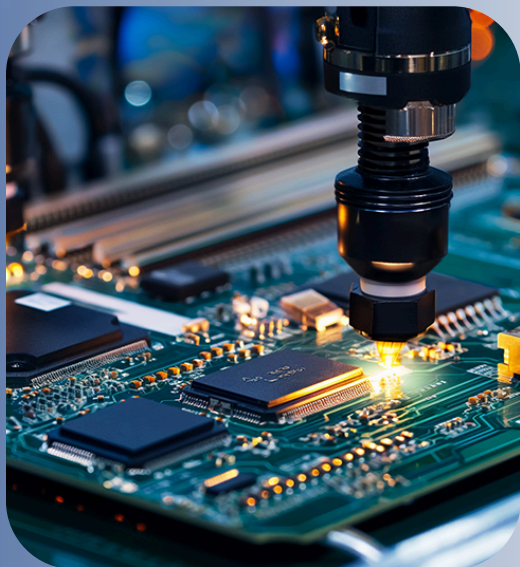

- » **Traceability System for Components**
- » **Data Validation & Quality Control**
- » **Traceability Management**
- » **Reporting & Compliance**
- » **Connectivity & Integration**
- » **User Management & Security**
- » **Real-Time Monitoring**
- » **Scalability & Multi-Line Support**

BARCODE / QR PRINTING

Implement a Immutable traceability solution for real-time tracking of raw materials, components & finished products throughout the production process.

Let's Build Smarter Electronics Manufacturing Together

Join us in transforming electronics manufacturing
through intelligent, AI- and IoT-driven solutions
